Wellington Burns to Ground in Early Morning Fire

The home of Beat 5 Justice of the Peace Forrest Necaise, which was located beyond Bay St. Louis city limits on Joe's Bayou Road, at the end of Felicity St., was destroyed in an early Monday morning fire.

Neighbors and volunteers fought the fire with both trucks for some two and one-half hours to save the frame structure, which was located beyond Bay St. Louis city limits on Joe's Bayou Road, at the end of Felicity St.

It was reported that Necaise had been aroused early in the morning by a fire in the kitchen. He tried to extinguish it but was unable to do so. The fire spread rapidly, and the house was completely destroyed.

Grand Jury Commends Curet, Recommends Isolation Area

The Grand Jury, having been duly empaneled, sworn, and charged at the January Term, 1969, now beg leave to submit this our final report.

We have been in session for three days, during which time we have examined twenty-nine witnesses. We have considered sixteen cases, and returned nine indictments, some of which are joint indictments.

We have made an inspection of the Hancock County Court house and we find that the condition of the Courthouse seems to be very much in order with one recommendation of this Grand Jury in this regard, that the plumbing in the jail be replaced.

Investigation Reveals Misleading Information

A news story appearing on the front page of this newspaper last week with the headline Better Government Committee Gives Report of Board Meet had some misleading information within the story.

It has been revealed that this article as reported to a staff member contained misleading information after thorough investigation by this newspaper.

The Better Government Committee said that a concerned taxpayer had asked this question - Why is it necessary to issue \$750,000 dollars in bonds to have approximately 20 miles of streets in Bay St. Louis, when the Town of Waveland at the present time has near completion approximately 12 miles of paving on an issue of only fifty thousand dollars in bonds?

After an intensive investigation by this newspaper, the following are facts: 1. Not approximately 12 miles of street paving in Waveland, but approximately 4 miles. 2. Not approximately 20 miles of paving in Bay St. Louis, but approximately 24 miles.

The people should know the facts -- It is the dedicated purpose of The Sea Coast Echo to publish the truth to its readers. Whoever asked this question to this Committee for Better Government should know the facts before doing this kind of injustice to the officials of Bay St. Louis.

Friday Hearing Set For Murder Case

Judge Leslie B. Grant set Friday as date of a motion for continuance of the hearing for Mrs. Grace Curet Maurigi, who was formally arraigned in Circuit Court Monday for the November 30, murder of her husband, Donald Maurigi. Mrs. Maurigi entered a plea of not guilty, after her attorneys stipulated that they may be allowed to change the plea upon request.

Also arraigned on Monday was Harry Henderson, who pled guilty to charges of breaking into the home of Catahoula contractor, John Newkirk. Newkirk appeared in Henderson's behalf, asking for clemency, stating that the defendant is now employed by the contractor. Judge Grant suspended a five year penitentiary sentence and placed him on five years probation.

Two of three New Orleans Negroes - Ernest Lee Waldron and Herbert Miller charged with armed robbery of Benigno's Package Store, also entered pleas of not guilty. NEW ATHLETIC DIRECTOR Lance Lumpkin is congratulated upon promotion by Joe D. McCullough, superintendent of education of Bay Municipal School District.

Lance Lumpkin Promoted To Athletic Director

Upon recommendation by J.D. McCullough, Superintendent of City Schools, the School Board unanimously endorsed the promotion of Lance Lumpkin as athletic director of the Bay St. Louis Municipal Separate School District at their regular meeting held on January 13, 1969.

Lumpkin, who came to Bay high from Sildell in 1954, began his coaching career as head coach at Long Beach in 1941, and in the 12 years his teams held a record of 80 wins, 16 losses and six ties. They competed with schools such as Pascagoula, Moss Point, Biloxi, Poycaine, Petal, Purvis, Poplarville, Lumberton, Sildell, Notre-Dame, Ocean Springs and Bay High.

In his year at Sildell a perfect 10 winning games for the season, was blighted only by a 21-14 loss in the post-season Cypress Bowl in Poycaine.

Since coming to Bay High, Lumpkin has won 89 games, lost 74 and tied four, making his record to date 187 wins, 70 losses and 10 ties.

In Gulf Coast conference competition which began in 1959, Tiger football teams wound up with the championship three times, came in second three times, and third once, in nine years of conference play.

A number of Coach Lumpkin's teams have won state championships. (Cont. on Page 7-A.)

City Council OK's Re-zoning, Deplores Street Conditions

Passed without dissent at the City Council meeting on January 20 was a re-zoning recommendation of the Zoning Commission on Highway 90 properties belonging to E. J. Lacoste and L.L. Kergosien and Son.

Reclassified from R-3 to B-1, with use restricted to offices, are Lots 1, 2, and 3 of Block 1, and Lots 3, 4, 5, 6, 7, 8, 9, and 10 of Block 2. The lots make up two triangular strips along the north service lane of Highway 90, the larger portion of which are bounded by Phillip Street on the north and the Bay Bridge intersection.

Reclassification becomes effective 30 days after public notice by the City Clerk. Mayor John Scaife announced to the Council that his street lighting survey lacks only the South Bay area for completion, and suggested that the Council consider going ahead with installation of service wherever the engineer recommends lights should be put, beginning in areas where there are no lights at present, and considering replacement installations as they can be financed. The matter will be discussed at a future meeting after completion of a map being made by Jim Price of Mississippi Power Co.

Commissioner Cyril Glover told the Council that he had requested City Surveyor Frank Wheat to check into complaints of flooding by residents of the Dunbar Avenue and Webster St. areas adjacent to the Bay St. Louis Mall. The standing water is on privately owned property, says Glover, but the difficulties being experienced as the result of recent heavy rainfall arise from lack of ground absorption of water on the large paved areas in the mall. Unless the cost is prohibitive, Glover feels the City should provide whatever help it can in alleviating the situation. (Cont. on Page 7-A.)

Two More Break-ins Reported in Bay

A robbery at Pittalo's Super Market and an attempted robbery at Brown's Thrift City Pharmacy, both in Bay St. Louis, were reported as having occurred during the night Friday, Jan. 17.

At the scene of the Brown Pharmacy crime, authorities found a sledge hammer which apparently was used to knock concrete blocks out of a side wall to gain entry. Seemingly disturbed in the midst of the theft, the intruder pried the lock off the narcotics case, but took nothing, according to store manager S. G. Hover.

At Pittalo's Market, 104 Third Street, about \$80 was reported missing from the cash register. A sledge hammer was taken, and attempts were made to open two safes in the store. Gilbert Layton, store manager, reported the theft about 7 a.m. Saturday morning when he opened the store for the day. Entry was made by prying up the tin roof over the warehouse.

Police Chief L. L. Farriga and Patrolman Travis Cott were investigating officers in both cases.

A COMPUTERIZED TAX COLLECTION system would put an end to scenes such as the above. Well after noon Saturday property owners still lined counters in the office of Sheriff Fred. Curet to pay all persons' working on an overtime basis and has asked a wage shift in order to complete service to tax payers.

Dennis Raymond, Bro. Bono Receive STAR Awards at SSC

Dorsey Trevillion of Woodville, chairman of the Mississippi Economic Council's Student-Teacher Achievement Recognition Program, announces that Dennis Victor Raymond, senior at St. Stanislaus High School, has been selected as the school's star student. The selection was based on the student's high scholastic average for the first semester and high score on the American College Test.

Brother Vincent Bono, S. C., was designated the star teacher. Each star student was asked to designate the qualified Mississippi teacher, regardless of grade taught, who, in the student's opinion, made the greatest contribution to his or her scholastic achievement.

Both the star student and star teacher will receive framed certificates from the MEC, the state chamber of commerce. These awards will be presented at a student assembly in March.

Dennis is the son of Mr. and Mrs. Lucien Raymond of 304 Beach Blvd. He is interested in studying mathematics, physical science and electronics, and his future plans are to specialize in electrical or aerospace engineering. Honors he has received in school include serving as an officer in the National Honor Society, editor of the school paper, Student Council representative, candidate for Outstanding Teenager of America, member Student-Faculty Forum, and served as president and drum major of the school band.

Brother Vincent Bono teaches Trig and Calculus at St. Stanislaus High School, and he has taught school for a total of ten years. Honors he has received while in the teaching profession include serving as chairman of the mathematics

committee at St. Stanislaus and is a member of the mathematics committee of the New Orleans Province of the Brothers of the Sacred Heart. He received his B. S. degree from the University of Southern California and will receive his M. S. degree in mathematics from Stanford University in 1969.

Wade Hollowell of Greenville is chairman of the MEC's Education Committee which sponsors the Star Program in the state.

I have been in the U. S. Army for 18 months and decided to buy a new car when I came home on leave. I went to see Joe Palazzo just to compare prices, as I had shopped around even looking at Pontiacs and Cadillacs in Tracy, Cal.

However, I've always been a Chevrolet man and will continue to be after getting the deal Joe made me at Lamar-Lane Chevrolet. He saved me \$200. on my new Malibu. (A GERRY LANE ENTERPRISE) WILLIAM K. BARNES (ADV.) Bay St. Louis

QUALITY REPAIRS AT SAVINGS

THE POST-REARVIEW has been a really large social event in Waveland, Miss., for many years. The last of the Christmas season has hardly been over when the crowd of people who come to appear at these traditional events is in the thousands. These parties are held at the home of Mrs. J. J. Arceneaux, 407 DeMontigny, and a large percentage of the local populace is involved in preparations for festivities coming up during this and next month.

THE KREWE OF NEREIDS, the 100 women strong Waveland carnival organization, will present its third annual ball Saturday night at St. Joseph Academy Memorial Hall, and as far as we know only the krewe captain, queen and king are really certain as to who will reign over the affair. The queen is always selected from members of the club, and the king is one of the outstanding business or professional men in the community. We haven't the slightest idea as to who will be wearing the crown, but anyone wanting to make an educated guess may do so by listing their candidates on the board at Waveland Drug Store. Some whose names most frequently appear on the poster are Naomi Doyle, Linda Kidd, Nancy Gex, Hazel Breland, Louise Lynch, Hack Doyle, Buddy Dodson, Ray Gordon, Johnny Long, and Lester Haverly. A number of others have been mentioned, and chances are that no one is even close to being correct—because Edna Klempner fooled even her best friends when she appeared on the throne last year; and a few had an idea that Merin Markel would be king, but they weren't sure until he appeared wearing his scepter.

THE BIG BALL is only the beginning of Nereids' gala events. The queen's supper-dance begins at midnight at St. Clare's Parish hall; there is a Monday night dinner for the queen and members of the krewe, climaxed by the spectacular parade which will take place on Sunday, Feb. 9. Nereids was the first local group to have their own doubloons cast, and now they've come up with bright crimson bumper stickers announcing the date of the parade.

JUST IN CASE there is anyone who isn't already aware of the fact, admission to the ball and queen's supper is by invitation only, and no one without an invitation will be admitted at the door.

ST. JOSEPH'S CARNIVAL Association ball, with Our Lady of the Gulf Parents Club members as co-sponsors, will take place on Friday, Feb. 14, and as the affair is a benefit, tickets will soon go on sale. This, as always, is one of the larger social events of the year and residents are speculating as to who will succeed Eleanor (Mrs. John) Hill and Bob Wade as royalty. Names of these rulers and members of the court are also a deep dark secret, but maybe we'll hear some rumors as to who they'll be as time for the 39th annual affair draws closer.

DENIZENS OF THE DEEP will pay homage to King Neptune VIII when he arrives at Bay-Waveland Yacht Club aboard his royal barge on Friday, Feb. 7. His queen will be the luckiest lady of the court—she who draws the golden bracelet and those who end up with silver handles, will be ladies-in-waiting. Theoretically, the king remains masked and his identity, a mystery, but one that's never kept mysterious for very long John McDonald was King Neptune VII, and lovely Nancy (Mrs. Howard) Adams, his queen. The name of the captain of this mock carnival krewe is less publicly known, so we won't let this particular "cat" out of the bag!

AN ENTHUSIASTIC AUDIENCE attended the review of Helen Hayes' "On Reflections," given by Janet (Mrs. Benjamin) Yancey at Webb Community Center on Thursday, Jan. 16. Among those enjoying the Friends of the Library sponsored affair were Mrs. John Dicks, Prim Hilliker, Gladys Robert, Adeline Samuel, Lucille Weeks, Mrs. Winfield Partridge, Genevieve Smith, Vi Moore, Jewel Miller, Kathrine Leonard, Catherine Riggs, Ruth Meilleur, Alyce Newkirk, Edna Isom, Annelise Godfrey, Clara Seuzeneau, Susie Weston, Frances McDonald, Helen Miller, Gertrude Stanton, Alice Prindiville, Mae Smith, Claire Marx, Lillian Lampa, Polly Ramsey and Mrs. James Fillingame. A number of feminine English students also put in their appearance, but their names will be listed in their own column, "Teen Times."

FLORA (MRS. ALDEN) Maufroy returned home from Munich, Ind. Sunday. Flora left in early December to be on hand for the arrival of son Larry and wife Julie's fourth child and second son, Paul Christopher. He was born Dec. 16, weighing six pounds, six ounces. The other little Maufroys are named Michele, Michel and Laura.

ED RYAN celebrated his birthday Saturday, Jan. 19, at another of wife Dee's famous spaghetti dinners. The party was held on Martha and Bill Stewart's Showboat and a number of Ed's friends turned up to wish him many happy returns.

LOTS OF GETWELL wishes to dispense again this week. MR. KARL VON METZ-RADT was taken to Veterans Hospital again last week.

MRS. GUY TOUART is a patient in Hancock General Hospital.

Set New Dates
For Flower Show
 The Bay-Waveland 1969 Spring Flower show will be held at Cy Rosenthal Gymnasium on Saturday and Sunday, April 12th and 13th, instead of on April 11th and 12th at Webb Community Center, as originally scheduled.

The decision was made at a special meeting called by Mrs. D. D. Peranich, chairman, on Jan. 14, held at the home of Mrs. Harry Ward, co-chairman. It was agreed that shrubbery on the seminary grounds would be in full bloom at that time and would make a perfect setting for the show.

Mrs. Dan M. Russell, Jr., schedule chairman, stated that the program for the event will be announced at the February meeting of Bay-Waveland Garden Club.

Mrs. Peranich invites all gardeners, members and non-members to take part in the flower show.

Rodney Aguzin

Bay High Tigerettes of Billy Sills won one and lost a pair of close games over the weekend.

Friday night in Pass Christian the Tigerettes defeated the Pirates 32-20. Sills led most of the points but the Tigerettes came out strong and began to close the gap. With 26 seconds left in the game, Noel Phillips hit 2 pressure free throws to put the Tigerettes out in front 32-31, but the game wasn't over yet. Philadelphia brought the ball in bounds and headed toward the goal. The Tigerettes defense, led by Debbie Weidman, Karen Dean, and Debbie Ishem, and Jeanie Johnson, then took over making three clutch steals, ensuring a one point victory.

Noel Phillips took game scoring honors for Bay High with 24 points. Nancy Hembree scored 23 points in a losing effort for Philadelphia.

MRS. JOHN GREEN AND J.C. KOENEN OF LAMAR-LANE CHEVROLET ARE PHOTOGRAPHED WITH MRS. GREEN'S NEWLY PURCHASED CHEVROLET CAPRICE.

My old car, which really wasn't all that old, was giving me nothing but trouble. It seemed as if something else went wrong almost everytime I drove it.
J.C. Koenen of Lamar-Lane Chevrolet made it clear to me how much better off I would be with a newer model automobile.
I didn't consider buying from an out-of-town dealer as I know that money spent in Bay St. Louis stays here in the form of sales tax dollars.

KANTCHA KETCHUM

By L. S. (Doc) Ellis

There is no way the weather has been the past few days, the cold and too rainy to do much fishing and hunting. The only hunting left is for snipe, rabbits, and quail. Rabbit hunters haven't done too much with the cotton tails, with a few being killed here and there. No reports about snipe hunting, although quite a few quail are being killed by those who follow this type of hunting.

Fishing has been on the bad side. Green trout and perch fishing was affected by the rains and low tides.

A few speckles are still being caught up the river and Bayou LaCrosse. With higher tides speckles should start striking again.

Ted Raboul said he caught a nice mess of speckles up Bayou LaCrosse, but the water was a little reddish.

Raoul Telhard always manages to catch some speckles somewhere.

February is the month when our ditches and pot holes are full of small crayfish, an excellent bait used by local fishermen for catching bass and perch. All that is needed to get crayfish is a small mesh dip net. They are found best in ditches along the highways and streets. Almost every crayfish means a fish.

Henry Myers, Jr., who resides in Shoreline Park, enjoys hunting and fishing. He gets his share of fish and game.

Was a pleasure to meet Joe Martin, piano player now appearing at LaRue Lounge, 90 at Chief Mearse. Joe comes over quite often to fish and crab. He enjoys floundering when on off duty. The Lounge is owned by Nick and Sam D. Martino, who have relatives at the Bay.

Charles Favre has been killing some rabbits. Charles is the son of Johnny T. Favre an old time fisherman and hunter in these parts. Where do you think he learned how?

Basketball is always interesting and draws a lot of fans. The Kila Amusement Church is sponsoring a league which started last Sunday.

Local teams are playing in the league. Trapp's Knock-Knock team this coming Sunday at 12 o'clock against the L.L.A. team of Gulfport. Be on hand to see some good games.

John Dougherty and his son Peter love their rabbit hunting. John has some good dogs and both get their share of rabbits. If you don't know how good stewed rabbit is, better try some.

Jumping back to fishing, Horace Farr is one of our oldest and best fishermen. Horace catches his own bait. His favorite fishing is with live shrimp and a slaughter pole. His son Buck fishes with him frequently.

Was sorry to hear of the death this week of Tony Seafid. Tony was a good sport and a likeable fellow.

A lot of sportsmen are waiting for March and April to roll around. This is the time when crabbing is at its best. Better get that old light ready. It's a lot of fun catching crab crabs and more fun eating them.

From now on there will be plenty of golf. Pass Christian isles is in good shape and issues a challenge to golf lovers. It is a great course and playable the year around. Ask for Cal Smith, professional.

Snipe season closes on Jan. 31. Snipe are a fast flying bird. Swell eating. They are found on burns and along the banks of bayous. The birds are the size of quail and are a real gourmet treat. Carry your gun when fishing, you might see some.

To my way of thinking, we should congratulate our local game warden Pat Toomey. Pat has a job to do and we hunters and fishermen should cooperate with him. Pat is one of us. He is cooperative, human, etc. Know your game warden, obey hunting and fishing laws—it pays off in the end.

Sam Myers is on the mend after having an operation. Sam's first sport is fishing.

SPORTSMAN OF THE WEEK
HAROLD ZIMMERMAN, who hails from Waveland, has hunted and fished all of his life. We think his favorite sport is dove and quail hunting, but he catches his share of speckles and other fish.

We keep calling this to the attention of local fishermen. Pearl River is the dividing line between Mississippi and Louisiana. It is legal to fish both sides of the river with fly rod or by casting provided one has a Mississippi fishing license. You cannot go into Louisiana waters unless you have a Louisiana license.

In the spring of the year when still fishing, the best baits to use for fresh water fish are, crickets, grasshoppers, earth worms, Dodson flies, small frogs, crayfish, grass shrimp or minnows. These baits can be caught free of cost. Bass and perch strike best any bait that is live. A perch pole and any of these baits will bring best results. You can fish from the bank or from a boat.

Mississippi Power and Light fishing and hunting magazine says: From a numerical standpoint, there are more fishermen than any other type sportsman in the state. Barry Freeman, chief of fisheries, makes no estimate of the number of people who fish in the state. In fact, he and his staff hardly have time to keep up with the number of good fishing ponds and lakes. There are over 100,000 farm ponds alone with fish in them, and this doesn't include rivers, lakes and reservoirs — or the Mississippi River or Gulf Coast. Better start fishing, it's good for your soul.

From now on there will be plenty of golf. Pass Christian isles is in good shape and issues a challenge to golf lovers. It is a great course and playable the year around. Ask for Cal Smith, professional.

TAP Collections Total \$148.24

Local teenagers were on the move working for the March of Dimes Drive last week, bringing in a total of \$148.24. Rivers and bayous in Hancock County are to be stocked with fingerling blue gill and red ear (chinquapin) bream within the next week. The tiny fish from the U.S. Fish Hatchery at Lyman, will be released through the State Game and Fish Commission in cooperation with local game warden Pat Toomey.
